

ADULT DOG • ALL BREEDS

NO
CORN, WHEAT, SOY
SANS
MATS, BLE, SOJA

As they get older, some adult dogs can become sensitive to certain foods. That's why Pronature has replaced the wheat, corn, and soy with oats, brewer's rice, and barley. These three grains are easily digestible and are a good source of energy. They also allow better absorption of nutrients and noticeably reduce stool volume.

In addition to providing all the basic ingredients adult dogs need, Pronature has adapted the protein and fat content (26% and 16%, respectively) of this formula to satisfy the needs the majority of breeds. This formula also contains spinach, a powerful antioxidant rich in beta-carotene that promotes a strong immune system and healthy body tissue.

INGREDIENTS: Chicken meal, brewer's rice, barley, chicken fat preserved with mixed tocopherols, oat, beet pulp, whole flaxseeds, dehydrated yeast culture, natural flavor, dehydrated alfalfa, lecithin, potassium chloride, choline chloride, monosodium phosphate, dehydrated carrots, salt, dehydrated apples, rosemary extracts, *Yucca schidigera* extracts, dehydrated spinach, whole thyme, vitamins and minerals.

GUARANTEED ANALYSIS:

Crude protein	min. 26%	Crude fibre	max. 4%
Crude fat	min. 16%	Moisture	max. 12%

Available in a range of practical sizes: 3 kg/6.6 lb, 7,5 kg/6.5 lb and 15 kg/33 lb.
