

ADULT DOG • LARGE BREED

In addition to providing all the basic ingredients adult dogs need, Pronature has adapted the protein and fat content (26% and 13%, respectively) of its formula to satisfy the specific needs of large breeds.

Since large dogs are more inclined to develop articular problems, Pronature has enriched this formula with glucosamine and chondroitin, two natural supplements that promote healthy joints and cartilage.

INGREDIENTS: Chicken meal, ground yellow corn, ground whole wheat, corn gluten meal, chicken fat naturally preserved with mixed tocopherols, brewer's rice, beet pulp, whole flaxseeds, dehydrated alfalfa, dehydrated yeast culture, natural flavor, monosodium phosphate, potassium chloride, lecithin, calcium propionate, choline chloride, salt, glucosamine sulfate, rosemary extracts, *Yucca schidigera* extracts, chondroitin sulfate, dehydrated spinach, whole thyme, vitamins and minerals.

GUARANTEED ANALYSIS:

Crude protein	min. 26%	Crude fibre	max. 3%
Crude fat	min. 13%	Moisture	max. 12%

Available in a range of practical sizes: 3 kg/6.6 lb, 7,5 kg/6.5 lb and 15 kg/33 lb.
