

PUPPY • ALL BREEDS

NO  
CORN, WHEAT, SOY  
SANS  
MATS, BLE, SOJA

Some puppies can develop adverse reactions to specific foods. That's why Pronature has replaced the wheat, corn, and soy with oats, brewer's rice, and barley. These three grains are easily digestible and a good source of energy. They also allow better absorption of nutrients and noticeably reduce stool volume.

In addition to providing all the basic ingredients puppies need, Pronature has adapted the protein and fat content (28% and 18%, respectively) of this formula to satisfy the needs of the majority of breeds.

**INGREDIENTS:** Chicken meal, brewer's rice, barley, chicken fat preserved with mixed tocopherols, oat, beet pulp, whole flaxseeds, dehydrated yeast culture, lecithin, natural flavor, dehydrated alfalfa, choline chloride, potassium chloride, salt, dehydrated carrots, mannan-oligosaccharides, dehydrated apples, rosemary extracts, *Yucca schidigera* extracts, dehydrated spinach, whole thyme, vitamins and minerals.
